Any of the referenced events above will be considered as the commencement date of the Contract. The effective termination date shall be when both these events have occurred: Buyer completes all payments to Company due under this Contract with all funds cleared in Company's financial accounts and Company completes delivery of all Equipment and/or Services. Any additional purchases will require the negotiation of a separate and independent Contract. Any additional or differing terms and conditions contained on any documents prepared or submitted by Buyer (whether or not such terms materially alter this Quote), are hereby rejected by Company and shall not become part of the Contract between Buyer and Company unless expressly consented to in writing by Company. Buyer acknowledges that these Terms and Conditions may be updated from time to time and hereby agrees to be responsible to stay apprised with said updates as these are published in Company's website.

Overtime and Saturday hours will be billed at a rate of 1½ x the hour rate; Sundays, at 2x the hour rate; Holiday hours, at 3x the hourly rate. No claims of any kind for the price will be accepted once this Contract is signed. Buyer is herein voluntarily waiving any legal claims arising from or relating in any way or nature whatsoever, to the Contract Price once it signs this Contract.
- 3. Payment Terms:** Buyer and terms of payment are subject at all times to prior approval of the Company's Credit Department. The standard terms of payment, unless otherwise agreed to in writing by the Company, require a minimum deposit (standard is of 50%) of the sale price when placing the order and the remaining balance two (2) weeks before production of the Products is completed at the factory. Payment terms on turnkey projects will be as agreed in writing and incorporated and made a part of Quote. Payment must be made by wire transfer, credit card, or cash, as agreed in writing. At any time during the Term of this Contract or during the credit relationship between the Buyer and the Company, the Company shall have the right to determine, in its sole discretion, that the Buyer's financial and credit condition does not justify the continuation of production and/or the shipment and/or delivery of the Products in the payment or credit terms agreed upon; in such case, and/or in the case of Buyer's insolvency, the Company, in its sole discretion, may demand full or partial payment in advance and/or, shall have the right to cancel the Contract, stop and/or delay and/or cancel the production and/or shipment and/or delivery of the Products ordered under this Contract or any other Contract between Buyer and Company that remains unpaid. In the event of default in payment, Buyer agrees to pay all costs incurred by Company as a result of late payments and/or collection, including but not limited to, those associated with transportation of Equipment, warehousing, collection agency fees, attorneys' fees, legal expenses, and court costs. All past due amounts shall bear interest at the highest rate allowed by applicable law.
- 4. Shipping Terms:** Non-inventory purchases will be shipped FCA point of export or as otherwise agreed, based on a quote through a low cost public freight company. Inventory purchases will be as agreed in writing. Company may ship the Products in one or more lots; such lots may be separately invoiced and shall be paid for when due per invoice, without regard to subsequent deliveries. Delay in delivery of any lot shall not relieve Buyer of its obligation to accept remaining deliveries.
- 5. Claims:** Responsibility of Company for all shipments ceases upon delivery of the Products to the carrier; and regardless of shipping terms or freight payment, Buyer shall bear all risk of loss or damage in transit (Common law concept of Title is transferred to Buyer). Any claims for damage or shortage in transit must be filed by Buyer against the carrier, and not Company. Claims for factory shortages will not be considered unless made in writing to Company within ten (10) days after receipt of the Products and accompanied by reference to Company's Bill of Lading and factory order numbers. Company reserves a security interest in the Products until all funds on full payment for Products has cleared at Company's financial institutions.
- 6. Tax:** The amount of any present or future taxes applicable to the Product(s) shall be added to the price contained herein and paid by Buyer in the same manner and with the same effects as if originally added thereto.
- 7. Cancellation and/or Changes:** Accepted orders are not subject to cancellation or amendments without Company, in its own discretion, being: (a) reimbursed for any and all expenses incurred (including overhead); (b) paid a reasonable profit, and; (c) indemnified by Buyer against any and all loss. These conditions shall apply as well in the event of default in the payment. The Company will have no responsibility if the ordered Equipment, once ordered and/or on the line of production, does not fulfill Buyer's intended purpose. Buyer shall bear full responsibility for any changes Buyer may make to its order once accepted by Company and/or error in the Order. Company shall bear full responsibility for the design of the Equipment on turnkey projects as long as Company designed the Equipment for the project. Otherwise, Buyer shall bear full responsibility for any error in the design and specifications of the Equipment.

**8. Shipping Dates:** Buyer acknowledges and agrees that shipping and/or delivery dates are intended to be estimates only, and that delays can be expected for any reason and/or cause beyond Company's control, including but not limited to, disapproval or delays by the Credit Department of the Company based upon the evaluation of Buyer's credit, any act of God, act of Buyer, governmental act, accident, labor unrest, delay in transportation, or inability to obtain necessary labor, materials or manufacturing facilities. Company will notify Buyer and Company shall have an extended period to complete delivery. No Contract will be made to ship on a specified date, unless stated in a separate writing and signed by an officer of the Company. Buyer acknowledges and agrees that Company shall not be liable for any costs, penalties, and/or damages of any nature whatsoever, as a result or related in any way to any delay or failure to deliver on or around the estimated shipping and/or delivery and/or project completion dates.

**9. However, this warranty will be void in the event that Buyer does not use the Company for the Installation and/or Turnkey Services. All Trademark Equipment Installation and maintenance must be performed by Dakin certified technicians or the Equipment warranty will be void. Failure to claim the warranty within this time in writing will constitute absolute acceptance of the Installation, Turnkey, and Equipment, and a waiver of any claim, and the Company will not be responsible for any damage, warranty or remedy. Buyer must inspect and affirmatively reject the Products within 30 days of delivery. Buyer's failure to give written notice specifying any claim within this time shall constitute an unqualified acceptance of the Equipment and/or Services and, a waiver of all claims, and Company will not be liable for any damage, warranty or remedy. If not affirmatively rejected, any error or changes in the order, regardless of cause, will be strictly the responsibility of the Buyer. Non-trademark Products sold under this Contract shall be serviced through its original manufacturer's warranty.

**Trademark Products:** Subject to Sections 11 and 12 of this Contract, for those cases where Company determines, in its discretion, that the Trademark Products manufactured by the Company, sold under this Contract and used in Latin America or the Caribbean have a manufacturing defect in some materials or components, Company only warrants that it will send to Buyer, FCA Point of Export, those replacement parts or components it determines in its discretion are covered under the warranty, as follows:

In all cases, the Buyer must send the start-up report no later than ten (10) days after the start-up in order to validate the warranty. Replaced parts are warranted for the duration of the original warranty period.

IT IS GIVEN IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, EXPRESS OR IMPLIED, INCLUDING THE WARRANTY OF TITLE, AGAINST LIENS, INFRINGEMENT, THE WARRANTY OF MERCHANTABILITY AND THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. No liability shall attach to the Company until the Buyer has paid in full for all Products purchased hereunder. No person (including any agent, sales representative, dealer or distributor) has the authority to extend the obligation of the Company beyond the terms of this express warranty or state that the performance of any Product is other than is published by the Company. Company must receive a start-up Registration Form for all Products within ten (10) days of original Product start-up, or the start-up date and ship date will be deemed the same for warranty period determination, and the warranty shall expire twelve (12) months from that date.**

**11. Exclusions of Warranty:** Company's warranty set forth in Section 10 does not apply to any Products which: (a) have been opened, disassembled, repaired, or altered by anyone other than Company or its authorized service representative; or (b) have been subjected to misuse, negligence, accidents, damage, or abnormal use or service; or (c) start-up, operation, and/or installation, have been done in a manner contrary to Company's instructions, or (d) have been exposed to the action of the elements such as water, dust, wind, fire, pollutants, corrosive agents, chemicals or minerals, or as a result or effect of the water supply source, or; (e) have not been fully paid for by the Buyer, or; (f) have been damaged during transportation. Refrigerants, fluids, oils and expendable items such as filters are not covered by Company's warranty. For additional consideration, Company will provide an extended warranty on certain Products. **13. Confidentiality and Trademarks:** Buyer acknowledges that Company's confidential information such as its customers, prices, related goodwill and trade secrets as well as the Trademarks of the Products sold hereunder ("Confidential Information") are the property of the

Company. Buyer hereby agrees not to disclose Confidential Information without the written consent of the Company, and agrees to use and display the Trademarks only in such manner as previously authorized in writing by Company. Buyer shall not use the Trademarks as part of its corporate or trade name, or in any manner that would suggest that Buyer is associated with Company as a business partner or in a joint venture, or in any manner not authorized by Company. Buyer shall not use the Trademarks as part of a website or Internet domain name or website address, and shall not make any link to the Company website, except in accordance with authorized permission and applicable Company policies at that time for such use. Upon termination of this Contract, all Company previously authorized permissions to use the Trademarks will be rescinded. Furthermore, each party may confidentially disclose to the other proprietary technical plans and drawings ("Technical Information") related to a particular project pertaining to the Products and/or Services subject of this Contract; each party agrees that such Technical Information shall remain the property of the disclosing party, and that the receiving party shall not disclose such Technical Information without the consent of the disclosing party.

Company may enforce any claims strictly relating to any violation of the payment terms of this Contract, such as the collection of late and/or unpaid funds by Buyer, including criminal prosecution for same, through any collection agencies and/or in the local courts and under local law, located wherever Buyer conducts its business and/or has assets. All other claims, disputes, and controversies arising out of or relating to this Contract or the breach thereof, shall, in lieu of court action, be submitted to the International Court of Arbitration ("ICC"), according to their rules, and held in Miami, Florida. Florida law shall be the governing law and any judgment on the award rendered by the arbitrator(s) shall be final and shall be valid in any court having jurisdiction thereof. In case of conflict of laws, the ICC will apply the United Nations Convention on Contracts for the International Sale of Goods ("CISG"). The parties agree that either party to the arbitration shall be entitled to discovery of the other party, provided, however, that such discovery shall be completed within four (4) months from the date of the request for arbitration. The ICC ruling may be recognized and executed before any competent court.

Buyer acknowledges and agrees that within its country and/or region there may be other buyers and/or distributors of any of the Products and/or any of Company's products and that these, as well as Buyer, may re-sell these; that re-exporting of the purchased Products to any destination under U.S. sanction or embargo, contrary to U.S. law, and/or any other local or regional export prohibitions, are a violation of this Contract and is strictly forbidden. Buyer grants Company all necessary access to the specific types of information, including the right to interview those needed, and to any documentation relating to their business relationship, which may be relevant to an internal investigation and/or to evaluate the integrity of Buyer's business practices. Buyer acknowledges that this could include access to expense reports, citations issued by governmental authorities, and emails related to any transaction. Company shall have the right to select its auditors who shall decide together, based on their own criteria, the scope and appropriate work plan to verify Buyer's compliance with its obligations under this Contract and applicable laws. Buyer shall deliver all documentation in its original format in an organized manner, and; maintain throughout the term of the Contract and for a further period of five (5) years after the termination thereof, accurate and complete books and records of all activities relative to the business relationship. If Buyer supplies the transportation of the Products to the Location, Buyer shall be responsible for their arrival at the time Company specifies. Buyer shall ensure that the Company can begin the Services according to the agreed upon schedule. Company will not render any Services in Locations that, in its discretion, are dangerous or are health hazards. Buyer shall be solely responsible for establishing and maintaining during the Contract any legally required health and safety measures. In the absence of an agreement for Reception, Reception shall occur on the date of notification by Company. Buyer shall not be entitled to use any part of the benefits resulting from the Services prior to Reception, or else, the Company will consider the Services Received and accepted as satisfactory, in which case, Company will be relieved of its obligation to perform any repairs, even if previously agreed upon. The Services will be considered finalized once

Reception has been completed. Absent Force Majeure or modifications, for final delivery timing deadline accounting purposes, the clock shall start running on the date of the execution of the Contract or on the date the Buyer submits the Purchase Order, whichever is later.
